Walk 4

Glebe Cottage Loop

The Glebe Cottage Loop takes you from the North West end of the village through the meadows behind the street with a view of the river valley. Then back across the meadow to the Cross Keys.

1.16 miles. We measure our walks and then give a time based on a walking speed of 2 1/2 miles per hour. This is a realistic speed with time to see the view and chat. So, 25 minutes.

a From the Cross Keys you turn right and set off along **b** The Street.

c As the road bends around to the right, you bend around to the left down the track (blessed green box on your right).

d Very soon there is a foot path sign to the left. Follow this track which turns **e** right and then **f** left until it finally lets you loose into the meadow **g**.

Follow the hedge on your right until you meet the footpath which links the village to the river.**h**

Turn left across the meadow and pass into the narrow path **i** which takes you up to the road beside Glebe Cottage.

j Turn left, past the shop on your left and the pond on your right.

Across The Green and back to the Cross Keys.

We hope you enjoyed your walk.
